

PRODUCT DATA SHEET

Bioworld Technology,Inc.

14-3-3 θ (W228) polyclonal antibody

Catalog: BS1790 Host: Rabbit Reactivity: Human, Mouse, Rat

BackGround:

Protein interactions with 14-3-3 show distinct preferences for it's different isoforms and are regulated by phosphorylation of both 14-3-3 and the bound protein. 14-3-3 tau/theta is primarily expressed in T-cells although it occurs at lower levels in the brain, heart, pancreas placenta and kidneys. It plays a role in cell cycle progression via interaction with p27(Kip1). Along with COPI, the theta isoform binds the GB1 RSR sequence involved in protein trafficking. The isoform forms a complex with Hsp60 and cellular prion protein which may be involved in prion diseases. Elevated levels of 14-3-3 tau/theta are observed in amyotrophic lateral sclerosis. 14-3-3 tau/theta also BCR/Abl. bacterial effector protein yes-associated protein and the FSH receptor.

Product:

Rabbit IgG, 1mg/ml in PBS with 0.02% sodium azide, 50% glycerol, pH7.2

Molecular Weight:

~ 28 kDa

Swiss-Prot:

P27348

Purification&Purity:

The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen and the purity is > 95% (by SDS-PAGE).

Applications:

WB: 1:500~1:1000 IHC: 1:50~1:200 IF: 1:50~1:200

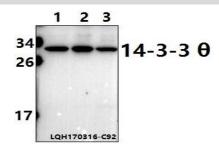

Storage&Stability:

Store at $4 \, \mathbb{C}$ short term. Aliquot and store at $-20 \, \mathbb{C}$ long term. Avoid freeze-thaw cycles.

Specificity:

14-3-3 θ (W228) polyclonal antibody detects endogenous levels of 14-3-3 protein theta/tau.

DATA:

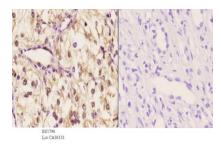

Western blot (WB) analysis of 14-3-3 θ (W228) polyclonal antibody at 1:500 dilution

Lane1:Hela whole cell lysate(40ug)

Lane2:C6 whole cell lysate(40ug)

Lane3:NIH-3T3 whole cell lysate(40ug)

Immunohistochemistry (IHC) analyzes of 14-3-3 θ (W228) pAb in paraffin-embedded human kidney carcinoma tissue at 1:50.showing cytoplasmic and nucleus staining. Negative control (the right)Using PBS instead of primary antibody, secondary antibody is Goat Anti-Rabbit IgG-biotin followed by avidin-peroxidase.

Note

For research use only, not for use in diagnostic procedure.
