

Integrin alpha 6 monoclonal antibody

Catalog: BS65510

Host: Rabbit

Reactivity: Human, Mouse

BackGround:

Integrins are important extracellular matrix (ECM) receptor proteins located on cell surfaces. They are hetrodimers composed of an alpha and a beta transmembrane glycoprotein subunit. Around twenty two different integrins (different alpha/ beta subunit combinations) are found in nature. Integrins are generally present in high concentrations at the cell surface, but, unlike most other cell surface receptors, they bind ligands with very low affinity. Due to their weak individual binding, integrins need to cluster and bind in groups in order to effectively bind the ECM. Integrins bind many different ligands including laminin. Each integrin is made up of a large N terminal extracellular domain that binds the ECM ligand and a small C terminal cytoplasmic domain that mediates interaction with the actin cytoskeleton and signaling function. Integrin alpha 6 complexes are receptors for laminins, which are components of basement membranes. Integrin alpha 6 complexes may play an important role in embryogenesis.

Product:

0.01M TBS(pH7.4) with 1% BSA, 0.03% Proclin300 and 50% Glycerol.

Molecular Weight:

```
~120kDa
```

Swiss-Prot:

P23229

Purification&Purity:

affinity purified by Protein A

Applications:

WB=1:500-2000 IHC-P=1:50-200

not yet tested in other applications.

optimal dilutions/concentrations should be determined by the end user.

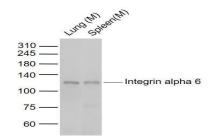

Storage&Stability:

Store at $4 \,^{\circ}{\rm C}$ short term. Aliquot and store at $-20 \,^{\circ}{\rm C}$ long term. Avoid freeze-thaw cycles.

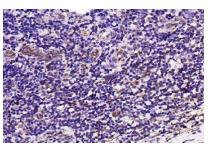

Specificity:

Integrin alpha 6 monoclonal Antibody detects endogenous levels of Integrin alpha 6 protein.

DATA:

Anti-Integrin alpha 6 at 1/1000 dilution

Paraformaldehyde-fixed, paraffin embedded (human tonsil); Antigen retrieval by boiling in sodium citrate buffer (pH6.0) for 15min; Block endogenous peroxidase by 3% hydrogen peroxide for 20 minutes; Blocking buffer (normal goat serum) at 37 °C for 30min; Antibody incubation with (Integrin alpha 6) Monoclonal Antibody, Unconjugated at 1:200 overnight at 4 °C.
