

## NIN polyclonal antibody

Catalog: BS74993

Host: Rabbit

Reactivity: Human, Mouse, Rat

### BackGround:

This gene encodes one of the proteins important for centrosomal function. This protein is important for positioning and anchoring the microtubules minus-ends in epithelial cells. Localization of this protein to the centrosome requires three leucine zippers in the central coiled-coil domain. Multiple alternatively spliced transcript variants that encode different isoforms have been reported.
